CLINICAL EXPERIENCE

NATIONWIDE HEALTHCARE MEDICAL CENTERS – LOS ANGELES, CA

Nationwide Healthcare Medical is a national health care corporation operating 330 medical centers and 265 workplace health clinics in 43 states, providing centralized occupational medicine, urgent care, physical therapy, and wellness services.

CENTER THERAPY DIRECTOR II

2001 – PRESENT

Direct, promote and control daily activities of all therapy departments, which include occupational physical, recreational, speech, and massage therapy. Supervise departmental staff; allocate staff resources, provide training, and address personnel issues. Ensure adherence to all regulatory and legal requirements that include HIPAA and current provider licenses/insurance.

- Negotiated and secured a \$1.4 million contract with MegaTech Corporation to act as their primary provider of physical and occupational therapy services.
- Generated a \$350,000 annual payroll savings by auditing and restructuring staff job descriptions and duty allocations, which allowed the elimination of three mid-level management positions.

JONATHAN K. SMITH REHABILITATION HOSPITAL – LOS ANGELES, CA

Jonathan K. Smith Rehabilitation Hospital is a facility that ranks 13th in rehabilitation services in the U.S. News and World Report's 2007 Edition of America's Best Hospitals.

SENIOR PHYSICAL THERAPIST

1998 – 2001

Evaluated patients, interpreted findings, and established treatment goals and plans of treatment. Delegated aspects of treatment plans to appropriate supportive personnel; coordinated with other health care personnel as needed. Assisted in the development, implementation, and review of departmental patient care programs.

- Prepared and maintained paperwork/records in accordance with department and JCAHO standards.

MERCY HOSPITAL – LONG BEACH, CA

STAFF PHYSICAL THERAPIST/CENTER COORDINATOR OF CLINICAL EDUCATION

1997 – 1998

Planned and used therapies involving physical exercise, massage, heat, water, and electricity. Utilized mechanical and electrical equipment, along with prosthetic and orthotic devices. Evaluated, recorded and reported on patient response to treatment and progress toward identified goals.
